

TreadStone Rock Risers

Intelligently designed for ease of job site delivery & job site portability.

Natural stone risers & treads for the Landscape Contractor & DIY Backyard Weekend Warrior

TreadStone Rock Risers

A rustic slice of earth's history transformed into an artistic backyard masterpiece.

Whether you are looking for a natural element to transition between terraces in your multi-level backyard, or an earthy accent to place in your favorite garden escape, TreadStone Rock Risers from Pangaea® Natural Stone are sure to give you years of enjoyment while providing long lasting beauty.

Available in 2 unique colors, both Kodiak and Corteza feature long running veins and unique characteristics, simulating a topographical map encompassed by an artisanal crust.
