

# Boral Versetta Stone®

## NEW COLOR - SAND

### New Color - Sand

The newest addition to the Boral Versetta Stone® mortarless stone veneer product line - Sand combines subtle tans with warm accent stones to create an earthy tone inspired by the sands of the great deserts of the Southwestern United States.

Broadening the range of design possibilities for Boral Versetta Stone®, the lighter, more neutral color is perfect for both residential and commercial applications. It is available in both Tight-Cut and LedgeStone textures.

### What is Boral Versetta Stone®?

Boral Versetta Stone® is a mortarless, cement-based manufactured stone veneer with a unique, panelized design that is installed with mechanical fasteners, allowing carpenters and contractors to recreate the beauty and craftsmanship of authentic stone masonry using screws or nails.

- Installs with screws or nails
- No metal lath or scratch coat necessary to install
- Panels interlock with tongue & groove system
- Built-in 1/4" rain screen
- Pre-drilled weep holes allow water to escape
- No seasonal restrictions on installation
- Each panel covers 2 ft<sup>2</sup>
- 50-year transferable Limited Warranty

### Why Choose Boral Versetta Stone®?

From new construction to remodeling, exterior walls to stunning interiors, Boral Versetta Stone® adds the beautiful detail of traditional stone masonry with a modern installation method, offering a complete system founded on quality, speed and selection.

LedgeStone Sand

Tight-Cut Sand

## LEDGESTONE

The rugged texture and purposeful irregularity offer an exposed and well-worn look that suggests years in the elements.

## TIGHT-CUT

The traditional look of quarried limestone fitted tightly together to emulate rural 19<sup>th</sup> century American architecture.
