

# PROTECTING OUR SURROUNDINGS

## CLOSED-LOOP RECYCLING

We strive to meet today's building needs without compromising the future. Cultured Stone veneers are designed to not only beautify spaces but also take care of our shared environment along the way. To that end, our closed-loop recycling system allows us to reuse water during manufacturing, which proves especially important in California's drought-prone environment. Cultured Stone veneer products contain an average of 58% recycled content.

“Cultured Stone products contain a minimum of 55% pre-consumer recycled content.”

Environmental Claim Validation Procedure (ECVP) for Recycled Content, UL 2809 - Fifth Edition

SCULPTED ASHLAR / Silver Shore®

HEWN STONE / Arctic
